badmintonnuts.com

About us:

We have always been a specialist business with in depth knowledge about all tennis, badminton and squash rackets. We have been in business for 18 years, and have been growing steadily to the point where we now have 2 stores, a mail order business and the most comprehensive racket sports website in Europe.

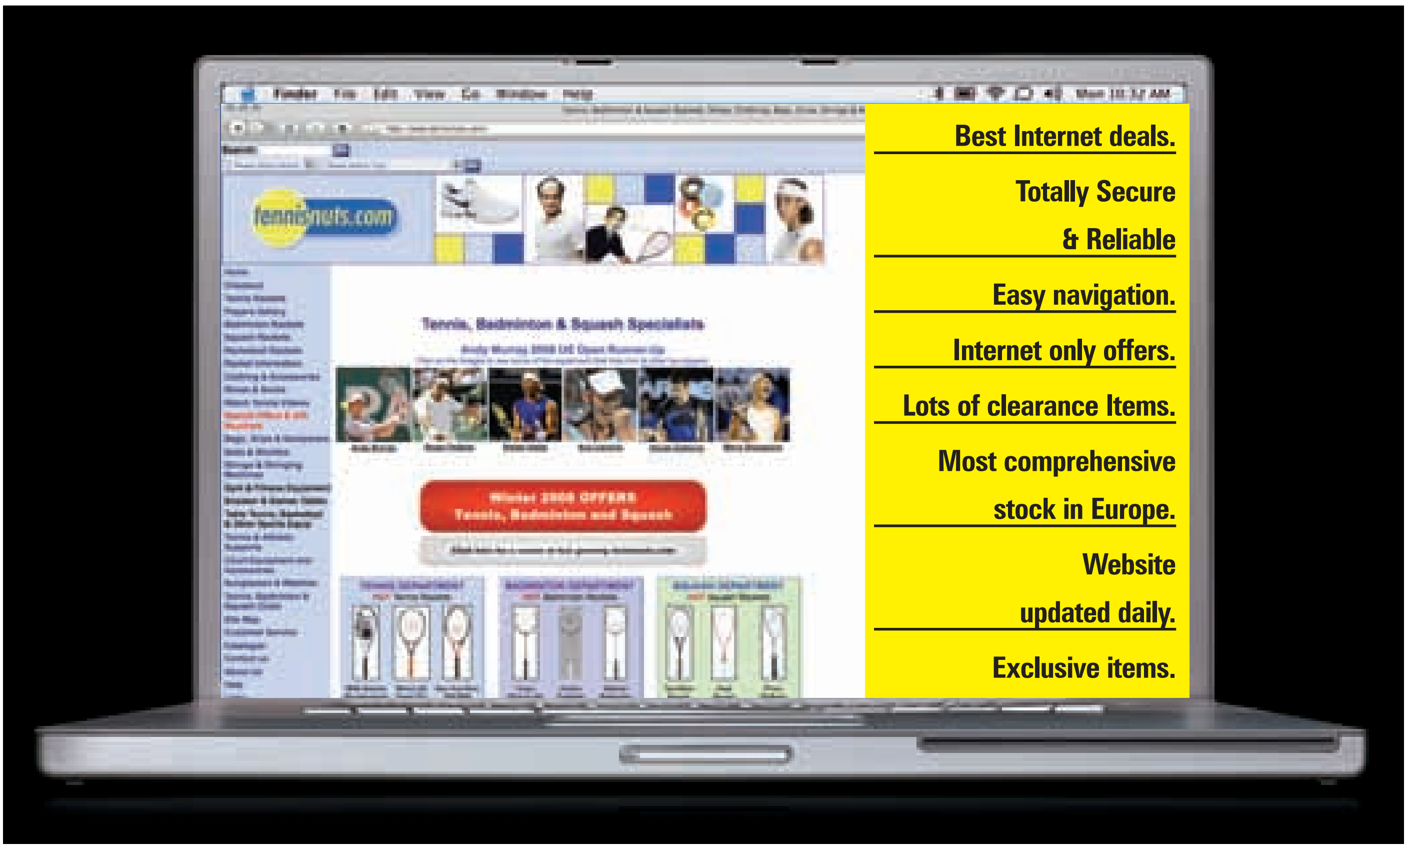

MAIL ORDER HOTLINE: 0845 602 7062

tennisnuts.com

All prices correct at the time of going to press. E&OE
Free postage & packing on all orders over £70.
It is very easy to order online but you can always phone up to order.
RETURNS: We strongly advice customers to send returns back using a secure method e.g.recorded delivery or similar as only items recieved back to our warehouse at:
AMT Sports Ltd, Unit 4, Olds Approach, Tolpits Lane, Watford WD18 9XT

ORDER ON-LINE SAFELY & SECURELY
ONLINE ORDERS ARE GIVEN PRIORITY

tennisnuts.com

We are one of the pioneers of sports shopping websites in the U.K.
You can shop with confidence with us, as we are an integrated retail, mail order and website based business. We are not going to be here today and be gone tomorrow.
We have access to all the best deals that are available from all the major manufactures, who also routinely choose us for major product launches.

tennisnuts.com is a trading name of AMT SPORTS LTD, Company reg No. 6265021
Reg. Office: Mandeville House, 45-47 Tudor Road, Harrow, HA3 5PQ

VISIT OUR STORES

tennisnuts.com

Have a look around; try a racket on our hitting wall. Our staff are extremely knowledgeable and all play at least one racket sport. We try all the rackets that we sell, so we know what we talking about.

PLAY TEST AREA

You can try our hitting wall for both squash and tennis rackets at our Northwood store.

RE-STRINGING SERVICE

We have hundreds of strings in stock, including Babolat, Prince, Luxilon Big Banger, Technifibre, Ashway, plus our own brand Strings.

RACKET TRIALS

You can demo any racket from either store. The full purchase price is charged as a deposit for demos. Customers are responsible for frame breakages during the trial period, unless due to a manufactures fault. It is the customer responsibility to return the racket safely using a safe method.

HOW TO CHOOSE A TENNIS RACKET

Each of the manufactures has a different method of categorising rackets. We have simplified the whole process for you. We have given each racket a power level based on:

1.The speed of the ball off the racket- we have tested all the rackets.
2. The head size- the bigger the racket head the more powerful the racket.
3. Thickness of beam- the thicker the beam, the more powerful the racket
4. Weight of racket- Light rackets (225g to 280) is generally more powerful.
Medium rackets are generally (280g to 300g).
Heavy rackets are generally (300g to 340g) these are control rackets.

So which type of racket should you go for?

CONTROL RACKET	MID CONTROL / POWER	POWER RACKET
1 2 3	4 5 6 7	8 9 10
Plenty of control and feed back from the racket. Would suit: Advanced players playing club team or tournament tennis Players with longer or full strokes. Players who have problems controlling the ball. Good adult sized juniors.	**Nice mixture of power and control.** Would Suit: Club or recreational players who hit the ball reasonably well. Advanced players who need more power. Adult sized junior.	**Very user friendly. Easy to serve with, volley with. Very easy on your body.** Would suit: Recreational players who have a short back swing.

Each Racket will have the following symbols to help you:
- **W** - Unstrung weight in grams • **H** - Head size in square inches.
- **B** - Beam width in millimetres • **P** - Tennis nuts power level

OPEN 2007

OPEN 2008

nCore Technology

- Nanoparticles in the inner core make it more difficult for air to escape
- Increased durability and consistency
- Maintains pressure longer
- Balanced core for more consistent bounce

New Wilson Australian Open Ball

- Thicker felt makes ball play more stable and solid

AquaShield Felt - Davis Cup

- Before felt is even woven, fibers are treated in a chemical bath to become water resistent.
- Supreme play felt enhanced with AquaShield for moisture resistence

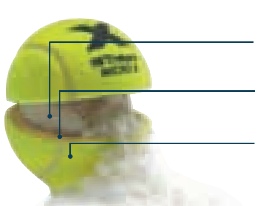

MICRO X

The Micro X performs like a tournament ball and is for advanced players.
The Micro X is powered by 700 million air-filled micro cells.
The rubber core, made of titanium and polybutadiene, has a softer feel than permanent pressure balls, enhancing spin.
Surfaced with our exclusive Flex-Felt™, which is specially designed from wool and polyester fibers, the Micro X offers unsurpassed feel, playability and wear-resistance.

3-Piece Micro Cell Construction

DICKY PALYMAMA

Image courtesy of Babolat, Dicky Palymama, (IBF Singles ranking of 18 as of 27/04/06) plays Satelite Synchro

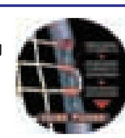

Pilot System - 2 Elastomer strips are overlaid onto the top cap. This system provides the player with increased feel and grip security- It provides a natural reference point whilst driving, backhand serving & net play.

Kevlar Bridge - Kevlar is a very strong, dense compound which has been built into the bridge of the frame. Torsion on impact is limited to 3 degrees, thereby improving accuracy on all shots.

Satelite System - Conical grommets allow increased string movement offering added power, reduced string/frame friction thereby improving string life. The use of a stringing pattern (20/21) using no shared holes enables: - less string on string friction thereby improving string life.
8% more power & increased slice due to less mains

Pure TEAM SERIES

CORTEX SYSTEM

The new Aero Pro Drive Series incorporates a revolutionary technology - "Cortex System". Whereas previously dampening systems have been targeted at game improvement and club racquets Babolat has engineered a unique vibration filter that maintains the positive feedback sought after by performance players yet eliminates undesirable vibrations that can lead to injury.

Rafael Nadal plays AeroPro Drive incorporating the new Cortex™ System with Pro Hurricane Tour Strings

80% of all tennis movements are either lateral or diagonal. Footwork during this type of movement is critical to improved shot making. Exact techonology enables quicker push off from recovery as well as faster & more efficient footwork during these movement phases.

MICHELIN Performance

Collaboration between the Babolat & Michelin Research & Development departments has resulted in a unique bi-sculptural solid rubber outsole providing the very best traction & durability for high level players.

VK

Vibrakill is a cushioning device constructed from Rubber EVA. Placed in both the forefoot & rearfoot it uses two different thicknesses & densities to answer the specific cushioning and recovery needs created by tennis movements.

ION STORM:
David Palmers Choice

David Palmer is the 2008 British Open Champion.

Characteristics:
Using Nano-Crystalline Technology (NCT) as an additive to the polymer structure of the graphite frame, the Ion racquets are reinforced at key stress points without adding weight. This also effectively reduces frame distortion and torque, enlarging the sweetspot.

Ion Storm

W: 135g

Ashaway badminton rackets are some of the best rackets that tennisnuts have ever playtested. They look and feel fantastic... while providing some of the lightest and solid feeling strokes, all at fantastic prices.

Gail Emms and Nathan Robertson use Ashaway strings.

For a full range of Ashaway products visit

tennisnuts.com

YONEX

World #1 in badminton.

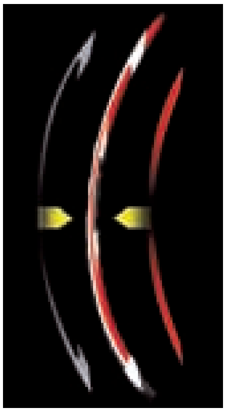

ARCSABER

New for 2008 and implementing the exclusive "Cup-Stack Carbon Nanotube" technology, is the ArcSaber series of high performance racquets. Positioning this revolutionary technology in the frame of the racquet has made it possible for the energy created from the shuttle impact to be absorbed and harnessed before being transferred into a return with supreme power and accuracy.

Material: Cup-Stack Carbon Nanotube

New Frame Shape: The new thinner frame reduces unwanted air resistance found in conventional racquets helping players to smash with greater speed and force.

New Control Support Cap: The "Control Support Cap" has been made thinner to reduce air friction whilst still providing an area for racquet control allowing maximum manoeuverability.

New Built In-T-Joint: The new lightweight Built-In T-Joint is made from an epoxy resin material that enhances the level of quality and performance by increasing the stability of the shuttle on the string bed through the air.

bollé

OFFICIAL EYEWEAR OF tenniscoachUK

Bollé's COMPETIVISION® lenses act like a filter to mute all colours in the spectrum except optic yellow, making the ball pop out of the background. The frames include rubber nose pads and temple tips to provide ultimate comfort and security during active use. Bollé's competivision lens is so effective, it's the official eyewear of tenniscoachuk Interchangeable lenses are offered on Swiftkicks and Warrant

SRP: £119.99

Warrant - Interchangeable Competivision Lens

SRP: £74.99

Clutch Competivision Lens

SRP: from £99.99

NEW

Optical adaptor SRP: £24.99

Swiftkick Interchangeable Competivision Lens Available in Titanium

Optical adapter designed so the wearer can wear prescription lenses with the Swiftkick. The adapter can be fitted with the patient's prescription lenses in lightweight polycarbonate. The adapter clips into the Swiftkick frame and gives the wearer the benefit of being able to change lenses depending on the weather or their sport. The adapter clips behind the tough shatterproof Swiftkick lenses which will also protect the patient's prescription lenses.

NEW

Edge Competivision / Microedge Competivision

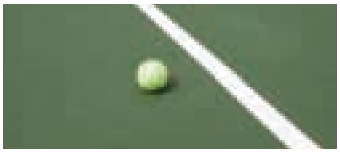

SRP: £79.99

With their razor sharp design, Bollé Edge Eyewear launches fashion into the future. Featuring a lightweight and frameless design with sleek lines and a comfortable, ergonomic fit, these advanced TENNIS sunglasses (featuring COMPETIVISION lenses) will leave your friends decades behind you! Futuristic Wrap around styling rubber Grips & Ergonomic Nose Rest.

REBOUND LADIES TENNIS RACKET

"You can now have both performance and great looks in a tennis racket. The Rebound has been designed for the active woman with a modern look far away from the basic chain store choice of dull red or blue less capable rackets.

Step up to the Tecnifibre funky Rebound and get noticed for your good looking and performance topping equipment."

SPECIFICATIONS: • Six-point, suspension mounting system • Manual crank spring tensioning system • Linear ball bearing string gripper • 9-102 pound tension range in both pound and kilogram scales (4-46 kilograms) • 360 degree swivel turntable with brake • Four diamond-coated, heavy-duty dual-action stainless steel swivel clamps (fixed clamps): 2 PN-1003 tennis clamps. Handle any diagonal stringing (fan patterned frames) **1 year manufacturers guarantee**

CENTRING EXCLUSIVE AT TENNISNUTS.COM

CENTRING 8000
Free standing manual
£429.00

COMPLETE WITH TOOLS
FREE DELIVERY TO U.K. MAINLAND.

SPECIFICATIONS: • Six-point, suspension mounting system • Manual crank spring tensioning system • Linear ball bearing string gripper • 9-102 pound tension range in both pound and kilogram scales (4-46 kilograms) • 360 degree swivel turntable with brake • Four diamond-coated, heavy-duty dual-action stainless steel swivel clamps (fixed clamps): 2 PN-1003 tennis clamps. Handle any diagonal stringing (fan patterned frames)

1 year manufacturers guarantee

BADMINTON CLAMPS (WHEN PURCHASED WITH A MACHINE) £14.99

BADMINTON CLAMPS £29.99

CENTRING 3800T - Tabletop electronic machine £599.00

COMPLETE WITH TOOLS FREE DELIVERY TO U.K. MAINLAND.

SPECIFICATIONS: • Six-point, suspension mounting system • True constant pull tensioning system
• All-metal diamond-coated, Linear ball bearing, rotational string gripper • 11-90 pound (4.5-40.9 kilograms) tension range • 360 degree swivel turntable • Two slim diamond-coated, heavy-duty dual-action thumb-adjustable stainless steel swivel clamp (fixed clamps): 2 PN-1012 tennis clamps • Handle any diagonal stringing (fan patterned frames)

Features:

• Digital electronic control panel with keypad and LCD digital display
1. Microprocessor controlled, electronic pulling and monitoring system provides the precise tension control and also displays the actual pulling tension.
2. Multiple speed settings for fast and slow pulls
3. Pre-stretch option provides 5% or 10% pre-stretch over the set tension.
4. Knot overtensioning option increases the current tension by 10%. This design is to reduce the amount of tension lost when tying off.
5. Two programmable tension memory bank
6. Self-test diagnostic feature
7. Unique power selection switch for the desired voltage 100/110V or 220/240V.
8. Power input with fuse protection • Six-point, suspension mounting system provides 10-point maximum supports and eliminates any racquet distortion. • Micro-adjustable head and throat mounting posts, very easy to adjust. • 4 individually adjustable shoulder-support arms (heavy-duty) • Padded K-shaped side supports • Padded head and throat mounting posts secure any frame (including deep V-shaped throats), no cosmetic damage to any frame. • Linear ball bearing string gripper: there is no string pull or muscle to use. Also no crimp or damage to any string. Easy fingertip to activate the tension pull. See operating procedures. • Dual-action swivel clamps can move in any direction up and down; and can handle all types of racquets without extra accessories. • 2 slim diamond-coated, thumb-adjustable stainless steel swivel clamps (PN-1012). Stringing has never been as easy and efficient as it is now with the Eagnas thumb-adjustable clamp. • All-metal spring-assisted swivel clamp base: much easier to use and no muscle needed. Just need one-eighth turn to lock and release the base. See operating procedures. • 360 degree racquet rotation • Convenient tool storage area • Machine base with level-adjustable pads • Height adjustable, easy to adjust and string in a more relaxed posture • Tools: 1 6mm Allen wrench, 1 5mm Allen wrench, 1 3mm Allen wrench • Free stringing tools: 1 DP-507 diagonal cutter, 1 NP-500 needle nose pliers, 1 BS-809 tennis awl, and 1 PN-3092 string mover • User's manual • Free illustrated stringing tutorial guide: show you how to string racquets step by step • String all racquets: tennis, oversized tennis, widebodies, longbodies, fan patterned, squash, racquetball, and badminton. • Easy to convert to table-top stringing machine; just need to remove the stand.

1 year manufacturers guarantee
